1 PREAMBLE

1.1 Introduction

The Junior English Language Syllabus as a build up from the Infant English Language Syllabus, is anchored on a Heritage-Based Curriculum, emphasising inclusivity and recognising the vital role of English as one of the media for communication and a driver for cultural, political, religious, social and economic transformation. Integrating the Competency-based Education principles, the syllabus does not only promote the mastery of the four macro language skills (listening/observing, speaking/signing, reading and writing/brailing) but also enhances learners' appreciation of our tangible and intangible heritage. In this endeavour, the syllabus cultivates knowledge, skills, values, attitudes and dispositions that contribute to national development. The syllabus adopts a multi-dimensional approach in the teaching and learning of English Language addressing the cognitive, psycho-motor, affective and digital domains, thereby supporting the comprehensive growth and development of learners. Focused on grades 3 to 7, it prepares learners to apply language skills across various learning areas and life contexts. In addition, it seeks to equip learners with life-long competencies, ensuring they are well prepared for the demands of a globally interconnected world, while preserving their cultural identity and heritage.

1.2 Rationale

The Heritage-Based Junior English Language Syllabus is designed to foster a learner centred, interactive learning environment, where learners can engage with and internalise essential linguistic concepts. By actively participating in language-based activities, learners not only acquire the ability to communicate effectively, but also demonstrate these skills in practical real-life contexts. This approach enhances learners' appreciation of language as a means of expression and preserving both tangible and intangible aspects of our heritage, fostering cultural pride and continuity. Furthermore, the syllabus empowers learners with communicative competencies needed to participate confidently on both local and global platforms. By promoting critical thinking, creativity and cultural awareness, the syllabus equips learners with the tools to engage meaningfully in a rapidly evolving world, ensuring their readiness for the demands of 21st century communication.

The study of English Language enhances the development of skills in:

- communication
- problem-solving

- adaptability
- critical thinking
- research and scientific inquiry
- decision-making
- conflict resolution
- leadership and integrity
- innovation
- self-management
- digital literacy
- entrepreneurship
- creative thinking
- cultural awareness

1.3 Summary of Content

The Heritage-Based Junior English Language Syllabus fosters the development of the macro language skills (listening/observing, speaking/signing, reading and writing/brailing), together with their sub skills like fluency, pronunciation, editing and summarising. It also instils knowledge and nurtures attributes such as values, attitudes and dispositions commensurate with the Heritage Based Curriculum. The syllabus infuses the teaching and learning of visual and tactile skills in order to accommodate learners with diverse learning needs.

1.4 Assumptions

The teaching and learning of English Language assume the following:

- learners have basic listening/observing, speaking/signing, reading and writing/brailing skills.
- learners have an appreciation of their tangible and intangible heritage.
- learners have basic English language literacy.
- learners are motivated to learn English Language.
- skills acquired by learners in their first language (L1) if not English, can be transferred to the learning of English Language as a second language (L2).
- all learners are capable of learning English Language.
- learners have basic knowledge of Information and Communication Technology (ICT).

1.5 Cross Cutting Themes

The teaching and learning of English Language in the context of a Heritage-Based Curriculum should include but not be limited to the following cross-cutting themes:

- children's rights and responsibilities
- health and wellbeing
- disaster risk management
- environmental issues
- climate change
- entrepreneurship
- technology and digital literacy

2 PRESENTATION OF THE SYLLABUS

The Heritage-Based Junior English Language Syllabus is a single document comprising preamble, aims, objectives, topics, scope and sequence, methodology, competency matrix, supporting language structures and assessment. The scope and sequence chart shows the progression of topics from Grade 3 to Grade 7. The competency matrix shows the breadth and depth of content to be covered. This syllabus also includes a list of suggested methods, activities and resources

3 AIMS

The syllabus aims to:

- instil knowledge and nurture values, attitudes and dispositions commensurate with the Heritage Based Curriculum
- enable learners to appreciate their tangible and intangible heritage
- instil Ubuntu/Unhu/Vumunhu by preparing learners for participatory citizenship, peace and sustainable development
- nurture an appreciation of English language as a means of communication
- develop the macro language skills namely, listening / observing, speaking /signing, reading and writing / brailing together with their sub skills like fluency, pronunciation, editing and summarising
- enable learners to express themselves in a variety of situations that involve the use of functional English language

- enable learners to appreciate the use of English language for academic, cultural, political, religious, social and environmental development
- integrate ICT in the learning of English Language.

4 SYLLABUS OBJECTIVES

By the end of the junior course, learners will be able to:

- demonstrate an appreciation of the use of English Language for political, religious, social, environmental, technological and economic development
- demonstrate effective listening skills to understand spoken information and facilitate meaningful responses
- speak/sign proficiently to engage meaningfully and confidently in various contexts
- read written texts to enhance comprehension and critical thinking skills in problem solving, team building and tolerance culturally relevant materials
- write/ braille accurately in English for effective communication
- demonstrate the use of ICT in aspects of listening, speaking, reading and writing
- write/braille a variety of creative texts
- explore the world's cultural identities through digital platforms.

5 METHODOLOGY AND TIME ALLOCATION

5.1 Methodology

In using this syllabus, the Functional, Communicative and Multi-Sensory Approaches as well as principles of individualisation, concreteness, totality and wholeness are recommended, operating within the spiral framework. Using these approaches, language forms and structures are taught by using them in various contexts rather than as isolated forms. All activities and methods should be participatory and learner centred starting from simple to complex.

The following methods are recommended:

- communicative language teaching (CLT)
- demonstration
- debate and discussion

- individual and group presentations
- drama
- role play/ imitation/miming
- poetry
- educational tours/excursions
- e-learning
- case study
- animation
- situational language teaching/learning
- individual learning plans (IPS)
- diorama
- resource persons
- classroom-based project
- story telling / signing
- games and quizzes
- simulation
- puppetry
- experimentation
- discovery
- gamification

5.2 Time allocation

For effective learning of English Language at **Grade 3 to 7**, 9 periods of 30 minutes per week are recommended.

6 SYLLABUS TOPICS

The teaching and learning of English Language will focus on the following:

- Listening/Observing
- Speaking/Signing
- Reading
- Writing / Braille

9 SUPPORTING LANGUAGE STRUCTURES

The following supporting language structures should be taught in the heritage-based Junior English course. Teachers are to select what is appropriate for the level of their learners and bear in mind that the structures should be taught in context and spread across all the language skills. By the end of the Junior course, learners should be able to effectively use, among others, the following language structures:

- Nouns: proper, common, compound and collective. Nouns may be masculine, feminine or neutral, countable or uncountable, singular or plural, concrete or abstract.
- Pronouns: personal, impersonal, possessive, relative, demonstrative, reflexive
- Opposites /antonyms
- Synonyms
- Similes
- Verb tenses: simple forms of the present, past, future - continuous forms of the present, past, future and participles
- Adverbs and adverbial clauses
- Adjectives- with or without comparative and superlative forms
- Prepositions
- Conjunctions for example; and, so, but; subordinate conjunctions such as; because, although, though
- Punctuation marks – full stop, capital letters, comma, question mark, exclamation mark, apostrophe, quotation marks, hyphen, semicolon and colon.

- Quantifiers, for example, little, a little, few, a few, less, many, much, more, enough, scarcely, hardly any, about, over, almost, nearly, all, both, least, most
- Intensifiers, for example, very, so...that..., extremely, too...to, absolutely, totally, strongly, definitely, abundantly
- Structures that show cause and effect for example, the rains came late, so the harvest was poor, the harvest was poor (because / for/ since) the rains had come late.
- Question tags, for example, she is a competent teacher, isn't she? He isn't here today, is he?
- Modals, for example, may, might, can, could, shall, should, must, ought to, will, would, is, was
- Conditional clauses, for example, If I were Rutendo, I would have shown respect to my grandmother; If we work hard, we will succeed; Unless it rains, all crops will wilt.
- Direct and indirect (reported) speeches
- The passive and the active voice e.g. The people were addressed by the Chief. The Chief addressed the people.
- Word formation (suffixes and prefixes)
- Unless/ in spite of/ despite the fact that
- Neither...nor/either...or
- Abbreviations and acronyms

NOTE: This list of language structures is not exhaustive and the teacher is urged to draw examples from tangible and intangible heritage.

10 ASSESSMENT

The learners shall be assessed through School Based Continuous Assessment (SBCA) and Summative Assessment (SA). These assessments shall be guided by the principles of inclusivity, practicability, authenticity, transparency, flexibility, validity and reliability. The principles are crucial for creating a supportive and effective learning environment that fosters growth and development in learners. Arrangements, accommodations and modifications shall be visible to enable candidates with special needs to access assessments.

This section covers the assessment objectives, the assessment model, the scheme of assessment, the specification grid and assessment tools.

10.1 Assessment Objectives

Learners shall be assessed on their ability to:

- respond appropriately to statements and questions
- retell/sign various utterances heard
- use appropriate registers in specific language functions
- describe people, objects, places, scenes, processes and events
- read a variety of texts fluently for comprehension and leisure
- analyse information read and make inferences
- write coherent and well organised sentences, summaries and creative work.

10.2 Assessment Model

Assessment of learners shall be both Continuous and Summative as illustrated in Figure 1. School Based Continuous Assessment shall include recorded activities from the School Based Projects done by the learners. The mark shall be included on learners' end of term and year reports. Summative assessment at school level shall include terminal examinations which are at the end of the term and year.

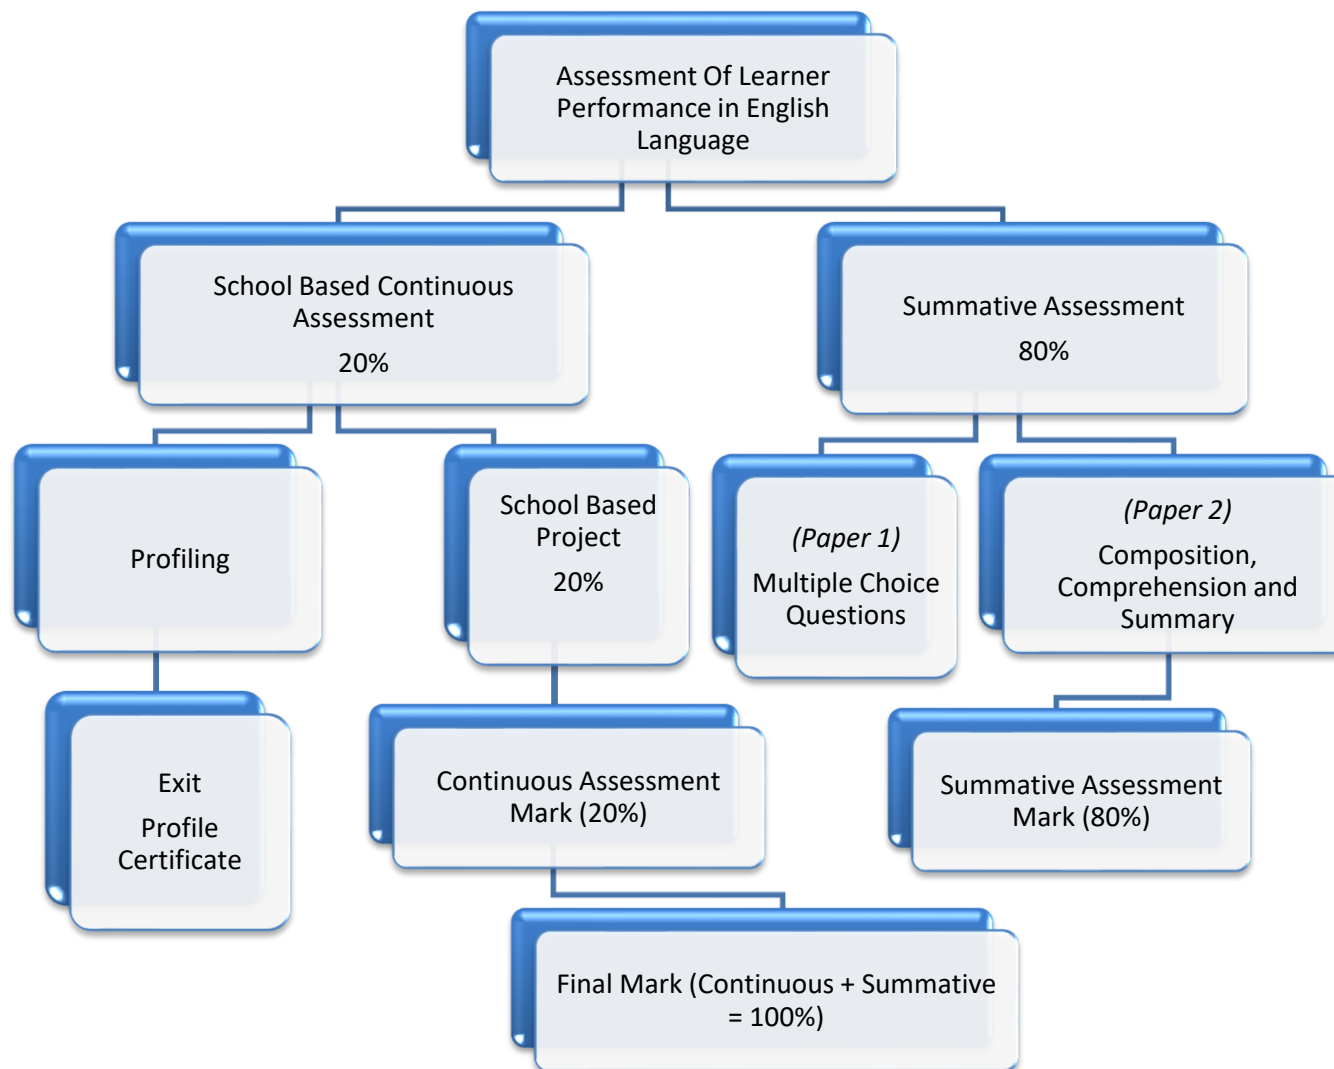

Fig. 1 Assessment Model

In addition, learners shall be profiled and learner profile records established. Learner profile certificates shall be issued for checkpoints assessment in schools as per the dictates of the Teacher's Guide to Learning and Assessment. The aspects to be profiled shall include learner's prior knowledge, values and skills, and subsequently the new competences acquired at any given point.

10.3 Scheme of Assessment

The Assessment Model shows that learners shall be assessed using both School Based Continuous Assessment and Summative Assessment for both School and ZIMSEC assessments.

The table shows the Scheme of Assessment where 20% is allocated to School Based Continuous Assessment and 80% to School or ZIMSEC Summative Assessment.

| FORM OF ASSESSMENT | WEIGHTING |
|------------------------------------|-------------|
| School Based Continuous Assessment | 20% |
| Summative Assessment | 80% |
| Total | 100% |

Description of School Based Continuous Assessment

Learners shall do one school-based project per grade which contributes to 20% of the end of year final mark. The end of year summative assessment shall then contribute 80%. However, for ZIMSEC public examinations, two (2) school-based projects shall be considered as School Based Continuous Assessment at Grade 7. The two School Based Projects shall include those done during Grade 6 and 7 sessions. Each will contribute 10%.

School – Based Project Continuous Assessment Scheme

Table given below shows the Learning and Assessment Scheme for the School Based Project.

| Project Stages | Execution | Description | Timelines | Marks |
|----------------|-----------|--|-----------|-------|
| 1 | | Problem Identification | January | 5 |

| 6 | Presentation of the final solution | July | 10 |
| 7 | Evaluation of the solution and Recommendations | August-September | 5 |
| | TOTAL | | 50 |

The assessment scheme shows the stages that shall be executed by pupils and the timeline at which each stage shall be carried out. Possible marks, totalling 50, are highlighted to indicate how much can be allocated.

Description of the ZIMSEC Summative Assessment

ZIMSEC Summative Assessment shall be a public examination at Grade 7. The examination shall consist of two (2) papers.

10.4 DESCRIPTION OF THE SUMMATIVE ASSESSMENT STRUCTURE

The Summative assessment comprises two components as follows:

Paper 1. (40 marks) 50%

1hr 30 minutes

There are 40 multiple choice questions based on register, comprehension, language usage and structure. Candidates are required to answer all questions.

Paper 2. (35 marks) 30%

1hr 45minutes

Paper 2 comprises sections A and B. Section A comprises 3 guided compositions and candidates are required to choose one. This section carries 20 marks. The candidate must answer any one of the questions in words between 80 and 120. Section B is a comprehension and summary section carrying 15 marks. The candidate must answer all the 10 comprehension questions with a possible total of 10 marks. The candidate must also write a summary of not more than 50 words scoring a possible total of 5 marks.

10.5 SKILLS WEIGHTING GRID
